**Subject:** FEnEx CRC Newsletter: Identifying shared ambition, common ground and common commitment

Hi s 22

Please see below for the first e-newsletter we have put out from the Future Energy Exports Co-operative Research Centre (FEnEx CRC).

s 22

Please let me know if you would like to be added to the mailing list.

Each month we will be highlighting the research underway in the CRC – and all of it has direct relevance for your Minister.

s 22

At our most recent event on 25 November we hosted a talk by Santos' Vice President of Energy Solutions, s 22 on "The role of CCS in the energy transition" and the journey Santos is on to achieve its goal for net zero emissions by 2040.

His talk – which also covered the Moomba Carbon Capture and Storage Project as well as the Timor Leste/Northern Australia CCS Hub and Bayu-Undan CCS Project – was extremely interesting and stimulated significant interest and questions from the audience. A key takeaway for many was the enormous opportunity CCS offers and the huge wealth of talent and knowledge we have in Australia in this area.
