Carbon Capture, Use and Storage Hubs and Technologies Program - CCUST000019

Dear s 22

I am writing to you in relation to the Carbon Capture, Use and Storage Hubs and Technologies Program – Technologies Stream (**Grant Program**) and the email to you from the Department of Industry, Science and Resources (**Department**) advising you of the outcome dated 12 April 2022.

As you may have seen, as part of the Australian Federal Budget 2022 announced on 25 October 2022, the Australian Government is not proceeding with the Carbon Capture, Use and Storage Hubs and Technologies Program. As a result, unfortunately, the Grant Program has been cancelled.

We apologise for any inconvenience caused and thank you for taking the time to submit an application.

As part of the October Federal Budget, the Australian Government has committed to implementing a new Carbon Capture Technologies program which is expected to open in 2023. Further details about the program will be made available on www.business.gov.au and www.grants.gov.au.

Should you have any questions, you can email us at ccus@industry.gov.au and a member of the team will be in contact with you.

Yours sincerely

s 22
