Subject: 2015 Acreage Release Round 1 - Proposed RFI Questions for Offshore WA Areas [DLM=For-Official-Use-Only]

s22

Petroleum Division has reviewed your proposed requests for additional information from applicants for the WA Offshore release areas and consider, similarly to the Offshore Exploration Section, that provided the "Good standing agreement" matters are addressed the proposed questions would provide sufficient clarification to allow assessment of the bids.

Regards

Subject: FW: 2015 Acreage Release Round 1 - Proposed RFI Questions for Offshore WA Areas [DLM=For-Official-Use-Only]

Hi s22

After reviewing the questions below, it is considered that at present, we do not have any issues/further questions at this stage.

Could you please advise the following of WA's response.

s22 @nopta.gov.au

s22 @nopta.gov.au

s22 @nopta.gov.au

s22 @industry.gov.au

Thank you.

H s22

After a review of the questions below and without prejudice to any decision of the Joint Authority, the Offshore Exploration Section does not have any issues/further question at this stage.

What are your thoughts?

Thanks,

s22

Subject: 2015 Acreage Release Round 1 - Proposed RFI Questions for Offshore WA Areas [DLM=For-Official-Use-Only]

For Official Use Only

Good afternoon DMP and ORB,

Please see below for your consideration, a summary of the questions that NOPTA proposes to ask of the applicants for the offshore WA release areas.

Please advise if you have any changes or any additional questions you wish to be included.

Release Area	Bidder	Questions
W15-2	s47C	

s47C

W15-5

W15-13

W14-1 (re-lease
area)

If you feel that it is necessary, I can also arrange for a teleconference to discuss the questions further otherwise I am happy to correspond via email – please let me know your preference.

If no questions are proposed for an applicant, NOPTA still intends to write to them advising that no questions have been identified and to give them an idea of the timeframe as to when an outcome will be decided (late February/ early March 2016).

I know it's very short notice, but ideally if I could get a response from you by COB Monday 23 November that would be great so that we can send the questions out next week. If that's not possible, could you please let me know when you're likely to be able to respond?

Let me know if you have any concerns,

Regards,
s22

Subject: NOPSEMA enforcement action - Timor Sea Offshore Oil & Gas [SEC=UNCLASSIFIED]

UNCLASSIFIED

Dear s22

As per our discussion, today NOPSEMA will issue a Direction and a Prohibition Notice to Timor Sea Oil and Gas Australia Pty Ltd, to ensure adequate oil spill response capability is maintained for the Northern Endeavour facility operations for production licence area AC/L5.

AC/L5 is in Commonwealth waters within NOPSEMA's regulatory jurisdiction. AC/L5 is immediately adjacent to, but not within, the Joint Petroleum Development Area which is administered by the National Petroleum Authority of Timor-Leste on behalf of the Governments of Australia and Timor-Leste.

This action is being undertaken following a request by NOPSEMA to Timor Sea Oil and Gas Australia Pty Ltd on 19 May for revision to be made to the Environment Plan covering AC/L5, due to changes in the manner in which the environmental impacts and risks of the activity were proposed to be managed.

It is important to note that no adverse environmental incident has occurred, NOPSEMA is undertaking the enforcement action to ensure spill response capability is maintained.

NOPSEMA is required to publish the Prohibition Notice on its website within 21 days of issuance, however we do not promote the publishing of notices. We do not expect media coverage of this action outside of industry press.

Attached is a background brief, including a Q&A, on the action being undertaken. Please contact me if you have any questions, and please refer any media enquiries received on this to NOPSEMA.

Regards
s22
