Responses:

2,987 of 3,796

Response Rate:

79%

Exploring your results

Take time to understand your report. Consider your response rate to determine how representative your results are of the views of your colleagues.

Most questions in this report have information about the proportion of colleagues responding positively, neutrally or negatively.

Identify the areas where you are performing well. These will tend to be high results which are notably above any comparative results. Celebrate these results.

Identify areas that need improvement. These will be the lower results, and/or those which are scoring notably below your comparators.

Generally a difference of $-/+$ 5 percentage points is worthy of attention, but the size of the group is important. Changes in small groups can be unreliable.

Employee Engagement: Say, Stay, Strive

How engaged is your team?

Employee engagement is more than simply job satisfaction or commitment to an organisation. It is the extent to which employees are motivated, inspired and enabled to improve an organisation's outcomes.

Your Employee Engagement Index score		72	Response scale	% Positive	Variance from 2023	Variance from APS overall	Variance from policy agencies	Variance from large sized agencies
Say	Overall, I am satisfied with my job	75	14 12	75%	0	-1	-3	-2
	I am proud to work in my agency	77	18	77%	+2	-1	-3	-3

Agency position

Agency position

These graphs display the overall index score of each agency for the Employee Engagement, Leadership – Immediate Supervisor, Leadership – SES Manager, Communication, Enabling Innovation and Wellbeing Policies and Support indices. These are to assist you to see where your agency sits in comparison to the overall APS index score and the scores of other agencies.

Along the line (y-axis) are the index scores. The height of the bar (x-axis) is how many agencies have that index score.

Please note, the y-axis values are not consecutive as only index scores received by an agency are represented.

Suggested questions to focus on

What to focus on?

Through driver analysis, these key questions have been identified as being important to employees in your agency and associated with employee engagement.

They are not necessarily the questions with the lowest scores.

Some will be areas to improve upon and some will be areas to maintain.

Develop actions and activities to improve upon these, where possible, to drive higher levels of performance.

Time to take action

Celebrate

What things do we do well?

Think about how we can build on our strengths and learn from what we are good at.

Investigate further with our teams

Are there any other opportunities coming out of the results that we want to explore further?

How could we investigate? Through looking at the data in more detail or through discussions with staff?

Opportunities

Areas we need to focus on and turn into action plans:

What are the key things we need to improve to make working here better?

Use this page to start your local action plans

Identify areas to celebrate, opportunities for improvement and areas which you need to investigate further.

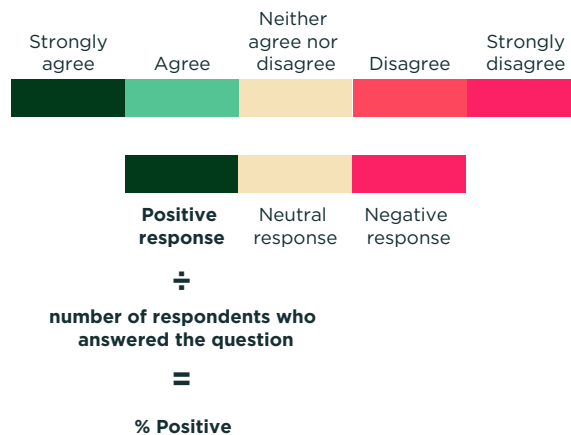

Prioritise 3 areas to take forward

Guide to this report

% Positive

Where results are shown as positive percentages (% positive), these are calculated by adding together positive responses ("strongly agree" + "agree" or "always" + "often") and dividing by the number of respondents who answered the question.

For 5 point scale questions not asked on the *agree to disagree* scale the same rules apply, the green percent represents a **positive response** (unless the question is negatively worded).

Rounding

Results are presented as whole numbers for ease of reading, with rounding performed at the last stage of calculation for maximum accuracy. Values from x.00 to x.49 are rounded down and values from x.50 to x.99 are rounded up. Therefore in some instances, results may not total 100%.

	Strongly agree	Agree	Neither agree nor disagree	Disagree	Strongly Disagree	Total
Number of responses	151	166	176	96	24	613
Percentage	24.63%	27.08%	28.71%	15.66%	3.92%	100%
Rounded percentage	25%	27%	29%	16%	4%	101%
Number of positive	151 + 166 = 317					
% Positive	317 ÷ 613 = 52%					

Anonymity

It is best practice not to display the results of groups of respondents to the extent where the anonymity of individuals may be compromised. Results will not be shown where there are less than 10 respondents in a group.

Comparisons

Comparisons to other similarly sized agencies are used through this report. To see how agencies are categorised visit:

<https://www.apsc.gov.au/aps-agencies-size-and-function>

Comparisons to previous years

The method of analysing and reporting specific results may be periodically reviewed and revised. Such improvements are applied to current data and that of previous years. For this reason the current report is always the most accurate data source for APS Employee Census results, including comparisons with time series data.
