Dear Sir

As per the attached, we have been successful in our tariff concession application for certain Galvannealed Steel Coils to be imported from Baosteel China.

As the only local producer (Bluescope) have removed their objection to this concession indicating that they cannot produce this or substitutable material. Hence I request that this material be also excluded from any dumping and countervailing duty (as previously granted to all of Bluescope's successful applications.

If you require any further information please advise.

Regards
Mark Kay

Dear Mr Kay,

TARIFF CONCESSION SYSTEM
APPLICATION SUCCESSFUL

I refer to your application for Tariff Concession Order (TCO) Number TC 1318527 lodged on 4 June 2013.

As a delegate of the Chief Executive Officer I am satisfied that the application meets the core criteria on the basis of section 269C of the *Customs Act 1901* and have accordingly made a written Tariff Concession Order.

The decision to make a TCO will be published in Gazette Number TC13/42 of 23 October 2013.

The TCO, as detailed in the attachment, will also be published in the Schedule of Concessional Instruments as soon as possible.

Yours sincerely,

Paul MERCER
Delegate of the Chief Executive Officer
