# ANTI-DUMPING NOTICE NO. 2014/99

# Prepared or preserved tomatoes Exported to Australia from Italy Initiation of an exemption inquiry

## Customs Tariff (Anti-Dumping) Act 1975

I, Dale Seymour, the Commissioner of the Anti-Dumping Commission (the Commission) have initiated an exemption inquiry in relation to certain goods the subject of anti-dumping measures applying to prepared or preserved tomatoes ("the goods"), exported to Australia from Italy.

The exemption is being sought pursuant to subsection 8(7)(a) of the *Customs Tariff (Anti-Dumping) Act 1975* (Dumping Duty Act). Under this provision the Parliamentary Secretary to the Minister for Industry (Parliamentary Secretary) may exempt goods from dumping duties where satisfied:

'that like or directly competitive goods are not offered for sale in Australia to all purchasers on equal terms under like conditions having regard to the custom and usage of trade.'

### The Anti-Dumping Measures

Anti-dumping measures, in the form of a dumping duty notice, were initially imposed on "the goods" by public notice on 16 April 2014 by the Parliamentary Secretary following consideration of the *Anti-Dumping Commission Report No. 217* (REP 217). These measures are applicable to all exporters from Italy except La Doria S.p.A. and Feger di Gerardo Ferraioli S.p.A.

The dumping duty that had been determined was an amount worked out in accordance with the combination of fixed and variable duty method.

### The Exemption Goods

The goods, the subject of the exemption inquiry, are:

- canned cherry tomatoes,
- canned organic tomatoes, and
- canned San Marzano tomatoes ("the exemption goods").

The exemption goods are classified to the tariff subheading 2002.10.00 (statistical code 60) of Schedule 3 to the *Customs Tariff Act 1995*. These goods are subject to 5% Customs duty.

### PUBLIC RECORD

The exemption inquiry will examine whether the exemption goods satisfy the conditions of subsection 8(7)(a) of the Dumping Duty Act.

#### The Current Inquiry

Applications for exemption have been made to the Commission by:

- 1. Leo's Imports and Distributors Pty Ltd (Leo's)[Exemption Inquiry No:EX0023] in relation to canned cherry tomatoes, canned organic tomatoes and canned San Marzano tomatoes; and
- 2. Kadac Pty Ltd (Kadac)[Exemption Inquiry No:EX0026] in relation to canned organic tomatoes.

The grounds for the applications are as follows:

- that there is no Australian producer of canned cherry tomatoes (as claimed by Leo's );
- that there is no Australian producer of canned organic tomatoes (as claimed by Leo's and Kadac); and
- that there is no Australian producer of San Marzano tomatoes (as claimed by Leo's ).

The applicants allege that their claims are evidenced by publicly available information from the sole Australian producer of canned tomatoes, SPC Ardmona Operations Ltd (SPCA).

After making inquiries of the Australian industry producing the goods and other interested parties, I will recommend to the Parliamentary Secretary whether the goods should be exempted from the anti-dumping measures.

This exemption inquiry is being conducted in relation to both applications as they both relate to prepared or preserved tomatoes exported to Australia from Italy, and overlap in respect of the claims made in relation to organic tomatoes.
