Customs Act 1901 – Part XV B

PROCESSED DRIED CURRANTS EXPORTED FROM GREECE

Initiation of Continuation Inquiry into Anti-Dumping Measures
Public notice under section 269ZHD(4) of the Customs Act 1901

The Anti-Dumping Commissioner (the Commissioner) will inquire into whether the continuation of anti-dumping measures in respect of processed dried currants (currants) exported from Greece is justified.

The goods subject to anti-dumping measures (the goods), in the form of a dumping duty notice, are processed dried currants of the grape variety *Vitis Vinifera L. Black Corinth*.

The goods are correctly classified to tariff subheading 0806.20.00, statistical code 29 in Schedule 3 of the *Customs Tariff Act 1995*. The rate of duty for the goods exported from Greece is 5 per cent.

Anti-dumping measures applying to currants exported to Australia from Greece were initially imposed by the Minister for Home Affairs (the Minister) in 2009, following consideration of Trade Measures Report No. 140.

The Minister revised the level of measures relating to exports of currants from Greece by one exporter (Agricultural Co-Operative Union Aeghion (Aeghion)) for imports of the goods from that exporter from 13 May 2013, after consideration of International Trade Remedies Branch Report No. 192.

Interested parties, as defined by section 269T(1) of the *Customs Act 1901*, are invited to lodge written submissions concerning this continuation inquiry no later than close of business on 20 August 2013, addressed to:
