Ministerial Exemption Instrument No. 5 of 2014

Customs Tariff (Anti-Dumping) Act 1975

I, ROBERT CHARLES BALDWIN, Parliamentary Secretary to the Minister for Industry, have considered and accepted the recommendations of the Commissioner of the Anti-Dumping Commission, the reasons for the recommendations, the material findings of fact on which the recommendations are based and the evidence relied on to support those findings in Anti-Dumping Commission Report EX0021 Zinc Coated (Galvanised) Steel exported to Australia from the People's Republic of China (China), the Republic of Korea (Korea) and Taiwan.

Under subsection 8(7) and 10(8) of the *Customs Tariff (Anti-Dumping) Act 1975*, I hereby exempt the goods described in Attachment 1 (the Goods) from:

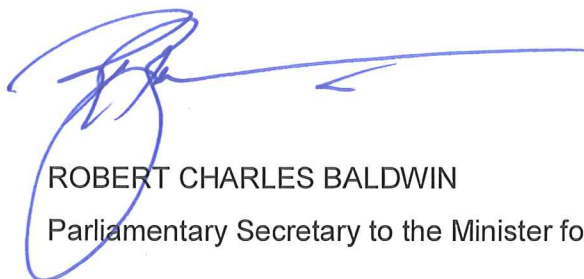

- interim dumping duty and dumping duty, and
- interim countervailing duty or countervailing duty,

as I am satisfied that a Tariff Concession Order under Part XVA of the *Customs Act 1901* in respect of the Goods is in force.

The anti-dumping measures previously applying to the Goods were imposed following the then Attorney General's consideration of the then International Trade Remedies Branch's Final Report Nos. 190 and 193 concerning alleged dumping and subsidisation of zinc coated (galvanised) steel and aluminium zinc coated steel exported from China, Korea and Taiwan.

This instrument commences on the 20th day of March 2014.

Dated this 26th day of August 2014

ROBERT CHARLES BALDWIN
Parliamentary Secretary to the Minister for Industry
