

**INVESTIGATION INTO THE ALLEGED DUMPING OF
QUENCHED AND TEMPERED STEEL PLATE
EXPORTED FROM FINLAND, JAPAN AND SWEDEN**

Extension of time for Exporter Questionnaire Response – Ruukki Metals Oy

The Anti-Dumping Commission (the Commission) notified exporters of Quenched and Tempered steel plate (Q&T steel plate) that exporter questionnaires were due on 14 February 2014.

The Commission received a response to the exporter questionnaire from Ruukki Metals Oy (Ruukki), a Finnish exporter of Q&T steel plate to Australia, on 14 February 2014.

The Commission has reviewed Ruukki's exporter questionnaire response for completeness and has found it to be deficient in regards to domestic sales information.

The Commission has provided Ruukki until 7 March 2014 to rectify this deficiency and advised it that if a fully completed exporter questionnaire response is not provided by the 7 March 2014, the Commission may deem Ruukki an uncooperative exporter as defined under section 269T(1) of the *Customs Act 1901*.
