RE: SAMPLING REPORT (REVIEW NUMBER 263)

Dear Case Manager,

On 31 October 2014 The Commission published the sampling report of the review (No.263), We noticed that YHI Manufacturing (Shanghai) Co.,Ltd("YHI Shanghai") was identified as intermediaries in the exportation of aluminium road wheels to Australia (for example, traders or distributors).

On behalf of YHI Manufacturing (Shanghai) Co.,Ltd, We clarify that YHI Shanghai is a manufacturer of aluminium road wheels, and participated in the original investigation. YHI Shanghai is not a intermediary, not a trader or distributor.

Please refer to the Exhibit 1:Certificate IATF of YHI Shanghai, this is granted by a international organization, only producers are eligible to receive this certificate.

Please refer to the Exhibit 2:Factory of YHI Shanghai, this is a photo of YHI Shanghai's factory.

Based on the above situation, we consider that YHI Shanghai should be identified as a **“residual exporter”**.
