Dear Mr Rod Jones,

DILER has replied Section C of the Questionnaire as below. Technical specifications and standards of the Goods under consideration that is produced for Domestic and Australian markets are given in EXHIBIT B-1 as enclosed. It is apparent that material qty is under ASTM A 510 M . **Since investigation covers GTIP No.721391, material is low carbon.**

"C-1 Fully describe all of the goods you have exported to Australia during the investigation period. Include specification details and any technical and illustrative material that may be helpful in identifying, or classifying, the exported goods.

ANSWER: DILER exported Carbon Steel Wire Rod under GTIP No.721391 during the investigation period. Diler provided detailed technical specifications and standards of goods under consideration that is produced for Domestic and Australian markets in EXHIBIT B-1 (Technical Specifications)."

INVESTIGATION INTO THE ALLEGED DUMPING OF ROD IN COIL EXPORTED FROM THE REPUBLIC OF INDONESIA, TAIWAN AND THE REPUBLIC OF TURKEY

Exporter Questionnaire response – Redactions in version for the Public File

OneSteel Manufacturing (OneSteel) has alleged in a submission to the investigation that redacted information in regards to the exporter questionnaire responses for the Public File is not commercially sensitive and in some instances is available on the exporter website.

The submission is available on the public record for the investigation, a copy is attached for your information.

Could you please address the submission as it relates to your company and either advised why the redacted information is commercially sensitive or provided an addendum for the public file showing such information.

A response is requested by Friday 27 June 2014.

Regards

Rod Jones
