Request for Extension of Time to respond to the Second Supplementary Exporter Questionnaire by ANSTEEL and TAGAL

With regard to your supplementary questionnaire, ANSTEEL and TAGAL hereby apply for a 2 weeks extension for the reasons as below:

- There are huge workloads on the translation of documents as requested in this supplemental questionnaire;
- The Tomb-sweeping Day will be started tomorrow, we can't begin to prepare this suppl. Questionnaire until next week.

Your kind consideration and early reply would be highly appreciated. Thanks!

CUSTOMS AND BORDER PROTECTION'S RESPONSE

Customs and Border Protection has considered your request and will only be able to allow 1 week extension due to the very tight legislative timeframes. As you are aware, the statement for essential facts (SEF) is due 15 May 2013, we need time to analyse the information provided and to prepare the report. The revised due date for the second supplementary exporter questionnaire response is **COB 19 April 2013.**
