

INVESTIGATION INTO ALLEGED DUMPING OF

CERTAIN CRYSTALLINE SILICON PHOTOVOLTAIC MODULES OR PANELS EXPORTED FROM THE PEOPLE'S REPUBLIC OF CHINA

NOTE FOR FILE – RENESOLA JIANGSU LTD – EXTENSION TO EXPORTER QUESTIONNAIRE

Background

On 14 May 2014, the Anti-Dumping Commission (the Commission) provided an exporter questionnaire to ReneSola Jiangsu Ltd (Renesola) a selected Chinese exporter of certain crystalline silicon photovoltaic modules or panels (PV modules or panels) for sampling. The response to the exporter questionnaire was due by 20 June 2014.

On 10 June 2014, a consultant representing Renesola wrote to the Commission seeking an extension until 7 July 2014. The Commission granted Renesola an extension until 27 June 2014. However, on 12 June the Consultant wrote back to the Commission requesting its original extension to 7 July 2014 be granted by the Commission for the reasons set out later below.

Before granting any further extension, the Commission asked Renesola to provide a progress report of the responses. The Commission also asked Renesola to provide part(s) of the responses to the exporter questionnaire that can be completed by 27 June 2014.

In response Renesola undertook that it will be able to provide to the Commission the completed Parts A, B and C with the majority of relevant attachments by, 27 June 2014.

The reason for the extension is the commitment of key employees and senior managers on other matters, including business travel, as well as the time necessary to put together the extensive information required by the exporter questionnaire, particularly having regard to this industry.

Decision

After carefully considering Renesola's request and taking into account the strict legislative timeframes, the Commission granted Renesola an extension of one week. The Commission expects the questionnaire response to be complete in all respects in the first instance including filing in the public record version of the questionnaire by this date.

The responses to the exporter questionnaire for parts A B and C from Renesola are now due by **27 June 2014**. The remaining responses are due by **7 July 2014**.
