Dear John

Feger di Gerardo Ferraioli SPA
Alleged dumping of prepared or preserved tomatoes from Italy

We refer to Statement of Essential Facts No. 217, which was published following the investigation of allegations that prepared and preserved tomatoes from Italy were being dumped into the Australian market for like goods.

At page 38 of Statement of Essential Facts No. 217, the Anti-Dumping Commission finds the dumping margin for Feger di Gerado Ferraioli SPA ("Feger") to be *de minimis*.

Accordingly, we respectfully request that the Anti-Dumping Commissioner terminate the investigation insofar as it relates to Feger, in accordance with Section 269TDA(1) of the *Customs Act* 1901, at his earliest convenience.

Yours sincerely

Alistair Bridges
