Dear Mr Moulis

**INVESTIGATION INTO THE ALLEGED DUMPING OF  
POWER TRANSFORMERS - POTENTIAL FOR USE OF ALTERNATIVE  
APPROACH TO DUMPING MARGIN ASSESSMENTS**

I am writing to clarify an element of my letter and attachment of 20 August 2014 that discussed the potential use of an alternative approach to dumping margin assessments in terms of subsection 269TACB(3) of the *Customs Act 1901*. The letter was in relation to your client ABB Thailand.

I acknowledge receipt of your submission on behalf of ABB Thailand that was provided on 27 August 2014.

After your submission was received, the Commission noticed that the materials provided in support of Attachment A to my letter of 20 August 2014 contained inaccuracies. Please refer to confidential **Attachment 1** to this letter for further details including amended analysis of export price data for your consideration.

Given the export price analysis has been amended, the Commission is providing another window for ABB Thailand to comment on this matter. If ABB Thailand wishes to make a further submission, I request that you do so by **close of business 4 September 2014**.

Yours sincerely

Geoff Gleeson  
Director, Operations 1  
Anti-Dumping Commission

29 August 2014
