

The current "Catalogue for the imported products not subject to
version, etc

No.	Tariff No.	Equipment Name
XXII		light industry machinery
(VI)		Others
18	7309 7310	stainless steel fermentation tank
XXIX		plastic processing machine
(III)		plastic extruder
9	84772090	extruder plastic steel doors and windows
XXXV		metallurgical equipment
(II)		steel-making equipment
1	84541000	converter
2	85141090 85142000	electric furnace
(III)		continuous casting equipment
1	84543021 84543022 84543029 84543090	continuous casting machine for ordinary steel square billet and circular billet; continuous casting machine for alloy steel square billet; continuous casting machine for strip breakdown
IV		
1	84551010	seamless-tube rolling mill
2	84552110 84552210	cold & hot rolled steel sheet/strip continuous mill
3	84552110	jobbing sheet-rolling mill
4	84552120	ordinary section mill
5	84552130	rod-rolling mill
6	84552190	primary rolling blooming mill
7	84552190	Ordinary middle and small bar rolling mill (including semi and full continuous rolling unit)
8	85153110	spiral weld-pipe mill
9	85152110 85153190 85158000	straight seam pipemill with high frequency
XXVIII		pharmaceutical production and packing equipment

6	84621010 84621090	the production line of aluminum easy open end for medicinal use
XXXIV		electronic & communication apparatus
8	85153190 84864022	semi-automatic gold (aluminum) wire welding machine
9	85153190 84864022	full-automatic gold (aluminum) wire welding machine
XV		packing machine
11	84418010	Paper-plastic aluminium flexible package producing machine

* Only the parts of products related to s

to tax exemption in domestic invested projects"(2008
cerpt)

Specification	Note
All	
screw diameter $\leq 200\text{mm}$	
furnace volume $\leq 300\text{t}$	
furnace volume $\leq 100\text{t}$	
All (except for thickness $\geq 300\text{mm}$ continuous casting machine for thick strip breakdown, continuous casting machine for thin strip with thickness $\leq 45\text{mm}$)	
diameter $\leq 250\text{mm}$	
hot rolled steel continuous mill with sheet width $\leq 2.2\text{m}$; cold rolled steel continuous mill with sheet width $\leq 2\text{m}$; sheet width $\leq 4\text{m}$	
All	
All	
All	
All	
All	
product diameter $\leq 660\text{mm}$	tariff no. adjusted, specification adjusted

	tariff no. adjusted
All	specification adjusted
welding speed \leq 13 wire/s	newly added
All	

teel or aluminium are translated.
