

Customs Tariff (Anti-Dumping) Act 1975

Steel Pallet Racking

exported from China and Malaysia

Notice pursuant to subsections 8(5) of the *Customs Tariff (Anti-Dumping) Act 1975*

I, KAREN ANDREWS, the Minister for Industry, Science and Technology, having decided to issue a notice pursuant to subsection 269TG(1) and subsection 269TG(2) of the *Customs Act 1901* (the Act) in respect steel pallet racking described in that notice (the goods), DETERMINE, pursuant to subsection 8(5) of the *Customs Tariff (Anti-Dumping) Act 1975* (the Dumping Duty Act), that the interim dumping duty payable on the goods is an amount worked out in accordance with the ad valorem duty method, specified in subsection 5(7) of the Customs Tariff (Anti-Dumping) Regulation 2013.

Pursuant to subsection 8(5BA) of the Dumping Duty Act, I have had regard to the desirability of specifying a method such that the sum of:

- (i) the export price of goods of that kind as so ascertained or last ascertained; and
- (ii) the interim dumping duty payable on the goods,

does not exceed the non-injurious price (NIP) of goods of that kind as ascertained, or last ascertained, for the purpose of those notices. The NIP for dumped goods from Malaysia is not lower than the normal value.

Pursuant to subsection 8(5BAAA) of the Dumping Duty Act, I am not required to have regard to the desirability of fixing a lesser amount of duty for China because the normal value of the goods was not ascertained under subsection 269TAC(1) of the Act because of the operation of 269TAC(2)(a)(ii) of the Act.

Interim dumping duty payable on the goods is, therefore, imposed at the full margin of dumping.

This notice applies to the goods and like goods entered for home consumption on and after 19 June 2018.

Dated this 6th day of May 2019

KAREN ANDREWS
Minister for Industry, Science and Technology
