

**ANTI-DUMPING NOTICE NO. 2015/122**

**Steel Reinforcing Bar**

**Republic of Korea, Malaysia, Singapore, Spain, Taiwan, the  
Kingdom of Thailand and the Republic of Turkey**

**Termination of Part of Investigation**

***Customs Act 1901 – Part XVB***

On 17 October 2014, I, Dale Seymour, the Commissioner of the Anti-Dumping Commission, initiated an investigation into the alleged dumping of steel reinforcing bar (the goods) exported to Australia from the Republic of Korea (Korea), Malaysia, Singapore, Spain, Taiwan, the Kingdom of Thailand (Thailand) and the Republic of Turkey (Turkey) following an application lodged by OneSteel Manufacturing Pty Ltd under subsection 269TB(1) of the *Customs Act 1901* (the Act).

The Anti-Dumping Commission (the Commission) published a notice in *The Australian* newspaper on 17 October 2014 notifying of the initiation of the investigation, and issued Anti-Dumping Notice (ADN) No. 2014/100, which contains further details on the investigation, available at [www.adcommission.gov.au](http://www.adcommission.gov.au).

As a result of the Commission's investigation, I am satisfied that:

- in relation to the goods exported by Ann Joo Steel Berhad (Ann Joo Steel) from Malaysia, Millcon Steel Public Company Limited (Millcon) from Thailand and Habas Sinai Ve Tibbi Gazlar Istihsal Endustri A.S (Habas) from Turkey, there has been no dumping of the goods and therefore I must terminate the investigation in accordance with subparagraph 269TDA(1)(b)(i) of the Act so far as it relates to Ann Joo Steel, Millcon and Habas;
- the goods exported by Power Steel Co., Ltd (Power Steel) from Taiwan were dumped, but because the dumping margin is less than two per cent (and negligible) I must terminate the investigation in accordance with subparagraph 269TDA(1)(b)(ii) of the Act so far as it relates to Power Steel; and
- in relation to the goods exported from Malaysia, Thailand and Turkey, the volumes of dumped goods were found to be negligible, and therefore I must terminate the investigation in accordance with subsection 269TDA(3) of the Act so far as it relates to Malaysia, Thailand and Turkey.

In making my decisions to terminate, I have considered the application, submissions from interested parties, *Statement of Essential Facts No. 264*, *Preliminary Affirmative Determination No. 264* and other relevant information.

*Termination Report No. 264*, which sets out reasons for terminating part of this investigation, including the material findings of fact or law upon which my termination is based, has been placed on the Commission's public record, which may be examined at the Commission's office by contacting the Case Manager on the details provided below. Alternatively, the public record is available at [www.adcommission.gov.au](http://www.adcommission.gov.au).

A notice of the termination of part of the investigation will be published in *The Australian* newspaper on 20 October 2015.

My final recommendations and report in relation to the investigation was provided to the Parliamentary Secretary to the Minister for Industry, Innovation and Science on 19 October 2015.

The applicant may request a review of this decision to terminate part of the investigation by lodging an application with the Anti-Dumping Review Panel in the approved form and manner within 30 days of the publication of the public notice.
