Innovation and Science**

Customs Act 1901

Notice under section 269ZZM(4)

Certain Deep Drawn Stainless Steel Sinks exported from the People's Republic of China

The Anti-Dumping Review Panel (ADRP) has completed a review of a decision made by me to publish a notice under subsection 269ZDB(1)(a)(iii) of the *Customs Act 1901* to declare that the dumping duty notice and countervailing duty notice currently applying to Certain Deep Drawn Stainless Steel Sinks exported to Australia from the People's Republic of China by Shengzhou Chunyi Electrical Appliances Co. Ltd (SCEA), are to be taken to have effect as if I fixed different variable factors in respect of SCEA. This decision was published on the Anti-Dumping Commission (the ADC) website on 21 November 2016.

Applications for review were made by Milena Australia Pty Ltd. A copy of the application and the ADRP's report to me (ADRP Report No 49) is available on the ADRP website www.adreviewpanel.gov.au.

The ADRP has recommended that I affirm the reviewable decision.

I, CRAIG LAUNDY, Assistant Minister for Industry, Innovation and Science, and Parliamentary Secretary to the Minister for Industry, Innovation and Science, have considered and accept the recommendations and reasons for the recommendations made by the ADRP, including all material findings of fact or law as set out in ADRP Report No 49.

Therefore, in accordance with section 269ZZM(1) of the *Customs Act 1901* I **affirm** the Reviewable Decision.

Interested parties may seek a review of this decision by lodging an application with the Federal Court of Australia, in accordance with the requirements in the *Administrative Decisions (Judicial Review) Act 1977*, within 28 days of the publication of this notice.

Craig Laundy

Parliamentary Secretary to the Minister for Industry, Innovation and Science. Assistant Minister for Industry, Innovation and Science.
