**Energy and Resources**

*Customs Act 1901*

Notice under section 269ZZM(4)

**Aluminium Extrusions exported from Malaysia and Socialist Republic of Vietnam (Vietnam)**

The Anti-Dumping Review Panel (ADRP) has completed a review of my decision made under subsection 269ZHG(1)(a) of the *Customs Act 1901* in respect of Aluminium Extrusions exported from Malaysia and Vietnam (the Reviewable Decision). The Reviewable Decision was published on the Anti-Dumping Commission (ADC) website on 24 June 2022 (ADN 2022/042).

An application for review of the Reviewable Decision was made by Capral Limited (Capral). A copy of the application is available on the ADRP website at [www.adreviewpanel.gov.au](http://www.adreviewpanel.gov.au).

On 19 September 2023, the ADRP made its report to me (ADRP Report No 155). A copy of this report is available on the ADRP website. Any confidential information contained in ADRP Report No 155 has been removed from the version available on the ADRP website. If your confidential information forms part of ADRP Report No 155, you can request a copy of the report containing your confidential information from the ADRP Secretariat via the details available on the ADRP website.

The ADRP has recommended that the Reviewable Decision be **revoked** and substituted with a new specified decision that I secure the continuation of the dumping duty notice applying to aluminium extrusions exported from Malaysia and Vietnam, but as if different variable factors had been fixed in accordance with Anti-Dumping Commission Report No. 591.

On 19 September 2023, I received a letter from interested parties, requesting I consider the matters raised before deciding what action to take in response to the ADRP's recommendation in respect of the Reviewable Decision.

I did not have regard to the matters raised in the letter in making my decision. I consider the matters raised are outside the scope of ADRP Review No 155. The letter makes a number of assertions, the veracity of which are untested. These assertions require proper analysis and interested parties may wish to be heard in respect of those assertions. I consider this is appropriately done in the context of an Anti-Dumping Commission inquiry.

I, ED HUSIC, Minister for Industry and Science have considered and accepted the recommendations, and reasons for the recommendations, made by the ADRP in ADRP Report No 155, including all material findings of fact or law as set out in ADRP Report No 155.

Therefore, in accordance with section 269ZZM(1)(b) of the *Customs Act 1901*, I **revoke** the Reviewable Decision and substitute a new decision as recommend by the ADRP. The substituted decision is to have effect from the date of publication of this Notice.

Applications for review of this decision under the *Administrative Decisions (Judicial Review) Act 1977* should be made to the Federal Court of Australia within 28 days of:

- The publication of this notice and ADRP Report No 155; or
- If the public version of the ADRP Report No 155 contains any redactions to remove your confidential information, such later date on which you receive a copy of ADRP Report No 155 without your confidential information redacted.

Affected parties may be eligible to lodge an application to the Commissioner of the Anti-Dumping Commission (<https://www.industry.gov.au/anti-dumping-commission>) requesting that a review of measures be initiated in accordance with the requirements of s.269ZA of the Act.

The Hon Ed Husic MP  
Minister for Industry and Science  
14 December 2023
