AIP Plan reference code:

Australian Industry Participation Plan Summary - Project Phase

Nominated project proponent: The Trustee for BCWF Unit Trust

Project details

Name: Boulder Creek Wind Farm

Location: West of Mt Morgan, east of Westwood, Queensland

Type: Electricity facility

Purpose: Establish new facility

Capital expenditure: \$500 million - \$1 billion

Description: The project is located west of Mt Morgan and east of Westwood, about 35km SW of Rockhampton in Queensland. It is a wind power project consisting of up to 60 wind turbine generators and associated infrastructure (including access tracks, underground and overhead powerlines, an electricity substation and operations and maintenance facilities). The project has been granted approval by the Queensland Government and the Commonwealth Government under the Environment Protection and Biodiversity Conservation Act 1999. Construction is expected to begin in late 2023, with the wind farm targeted to be fully operational by 2026.

Completion date: 31 March 2026

Key goods and services

Indicative list of key goods and services to be acquired for the project:

Key goods and services	Opportunities for Australian entities *	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
supply and installation of wind turbine generators	Yes	Yes	
supply and installation of steel towers for wind turbine generators	Yes	Yes	
civil engineering design services	Yes	Yes	
	Yes	Yes	
site preparation, earth moving, track formation including cable trenching			
excavation, preparation, formwork and steelwork and pouring turbine footings	Yes	Yes	
operations and maintenance buildings and footings for transformers, switchgear	Yes	Yes	
electrical engineering design services	Yes	Yes	
LV cable design and installation	Yes	Yes	
HV design and installation	Yes	Yes	
substation/s and switchyards	Yes	Yes	

*

An Australian entity is an entity with an ABN or ACN

Project standards:

- Australian
- International

Supplier information and communication

Project proponent's contact person for supplier enquiries:

Contact person name David Burgess
Contact person position Procurement Lead
Phone number 0437089227
E-mail david.burgess@greeninvestmentgroup.com

Project proponent website: General information on the project is available at www.bouldercreekwindfarm.com.au.

Project opportunities website: Project information will be updated from time to time on the project website - www.bouldercreekwindfarm.com.au. Businesses can register their interest for project opportunities through the contact form on the website.

Supplier engagement and communication actions:

- Promote project opportunities through industry associations
- Engage with vendor identification agencies on project opportunities and bid processes
- Conduct supplier information briefings on project opportunities and bid processes
- Issue media releases or ASX announcements on project developments and opportunities

Building Australian industry capability

Supplier capability development actions:

- Recommend suppliers undertake training and/or accreditation
- Encourage joint ventures and alliances between suppliers

Global supply chain integration actions:

- Introduce suppliers to global supply chain partners
- Provide references for high performing suppliers

Feedback process for unsuccessful bidders:

The Project will offer feedback to unsuccessful Australian bidders for the project. Feedback will include relevant training, skills, capability and capacity development. When the Project notify unsuccessful suppliers, opportunity for feedback will be offered.

Australian Industry Participation Plan Summary - Operations Phase

Nominated facility operator: The Trustee for BCWF Unit Trust

Facility details

Name: Boulder Creek Wind Farm

Location: West of Mt Morgan, east of Westwood, Queensland

Type: Electricity facility

Key goods and services

Indicative list of key goods and services to be acquired for the new facility:

Key goods and services	Opportunities for Australian entities *	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
ongoing civil maintenance	Yes	No	
maintenance of wind turbine generators	Yes	Yes	
supply of ancillary goods and services eg personnel support services	Yes	No	
general operations and maintenance services	Yes	No	

*An Australian entity is an entity with an ABN or
