

Australian Jobs Act 2013

AIP Plan reference code:

Australian Industry Participation Plan Summary - Project Phase

Nominated project proponent: HANROY IRON ORE PROJECTS PTY LTD

Other project proponent(s):

Project details

Name: Mulga Downs Mine Project

Location: Pilbara, WA

Type: Mine or quarry

Purpose: Establish new facility

Capital expenditure: \$500 million or more

Description: The Mulga Downs Project is a greenfield iron ore mine development which aims to develop the Mulga Downs mining, processing and non-processing facilities, and a multi-user stockyard (Hub) area. The project is located approximately 120km northeast of Tom Price and 320km south of Port Hedland. Hancock Prospecting Pty Limited (HPPL) owns Mulga Downs Project encompasses the Murrays Hill deposit, within Mining Lease M47/206 and the Mulga East deposit within Exploration Lease E47/1244 (Mining Lease M47/1486, in application). The Mulga Downs Project is planned to produce up to 20Mtpa of fines product that will be transported to Roy Hill port facilities located at Port Hedland. The key infrastructure associated with the Project includes: 20Mtpa processing plant (EPC); Non-processing facilities inclusive of aerodrome, accommodation camp, roads, processing service area, mine service area, workshop (mix of Construct and Design and Construct contracts); and Island generation power station (BOO).

Completion date: 31 Dec 2027

Key goods and services

Indicative list of key goods and services to be acquired for the project:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
Accommodation and Site Buildings	Yes	Yes	
Cementing and Concreting	Yes	Yes	
Earthworks and Excavation	Yes	Yes	
Electrical Equipment	Yes	Yes	
Fencing and Perimeter Equipment	Yes	Yes	
Fuel Supply and Dispensing	Yes	Yes	
Materials Handling Equipment	Yes	Yes	
Materials Processing Equipment	Yes	Yes	
Piping and Pump Equipment	Yes	Yes	
Steel and other Fabrication	Yes	Yes	
Transport and Haulage	Yes	Yes	
Water Treatment and Pumping	Yes	Yes	
IT and Services	Yes	Yes	
Waste Management and Cleaning	Yes	Yes	
Building and Facility Construction	Yes	Yes	
Power Transmission and Distribution	Yes	Yes	
Drilling	Yes	Yes	
Explosives	Yes	Yes	
Engineering	Yes	Yes	
Freight and Logistics	Yes	Yes	
Civil and Earthworks	Yes	Yes	
Electrical	Yes	Yes	
Catering and Camps	Yes	Yes	
Fuel Supply	Yes	Yes	
Airport and Aviation	Yes	Yes	
Construction Equipment and Labour Hire (cranes, scaffolding)	Yes	Yes	
Port Handling and Infrastructure	Yes	Yes	

* An Australian entity is an entity with an ABN or ACN

Project standards:

- Australian
- International

Still developing and will be further clarified as we progress through the study.

Supplier information and communication

Project proponent's contact person for supplier enquiries:

Contact person name Konrad Schmitz
Contact person position Project Director
Phone number 0892396200
E-mail konrad.schmitz@hanroy.com.au

Project proponent website: <https://www.hanroy.com.au/>

Project opportunities website: <https://gateway.icn.org.au/> (specific address not known currently)

Supplier engagement and communication actions :

- Engage with vendor identification agencies on project opportunities and bid processes
- Develop and distribute a supplier information guide for the project
- Directly contact suppliers with information on project opportunities and bid processes
- Engage with Contractors utilized previously

Building Australian industry capability

Supplier capability development actions:

- Recommend suppliers undertake training and/or accreditation
- Support supplier development initiatives of industry associations or governments

Global supply chain integration actions:

- Provide references for high performing suppliers

Feedback process for unsuccessful bidders:

ICNWA will be utilized to ensure that this obligation is fulfilled. Australian Suppliers can register interest outside of the normal tender process, with their capabilities able to be assessed by ICNWA as well as HanRoy. Post Tender completion, any unsuccessful bids can utilize ICNWA for feedback, which will be provided in conjunction with HanRoy. Standard feedback for HanRoy includes providing any and all inadequacies with the Tender as well as suggested improvements via notice of unsuccessful tender as well as further detail as required.

Australian Industry Participation Plan Summary - Operations Phase

Nominated facility operator: ROY HILL OPERATIONS PTY LTD
