

Australian Jobs Act 2013

AIP Plan reference code:

Australian Industry Participation Plan Summary - Project Phase

Nominated project proponent: TRANSPORT FOR NSW

Project details

Name: Pacific Highway Coffs Harbour Upgrade

Location: Coffs Harbour

Type: Land transport facility

Purpose: Upgrade existing facility

Capital expenditure: \$2 billion - \$5 billion

Description: The project involves the construction of a 12-kilometre bypass of Coffs Harbour from south of Englands Road to Korora Hill in the north and a two-kilometre upgrade of the existing highway between Korora Hill and Sapphire. The project will deliver a four-lane divided highway with a posted speed limit of 110 kilometres per hour. The project is being designed, delivered and operated by Transport for NSW. Transport for NSW will procure contractors from the private sector as required to undertake the project. Delivery of the project will be through a single Design and Construct contract awarded to Ferrovial Gamuda JV on 17 June 2022.

Completion date: 31 Aug 2027

An Australian entity is an entity with an ABN or ACN
Project standards:
Australian
International
Transport for NSW's contracts specify the application of Australian Standards (as well as Austroads Guidelines, TfNSW Supplements, specifications and standards) where these standards are available.

Supplier information and communication

Project proponent's contact person for supplier enquiries:

Contact person name Mark Powrie
Contact person position Procurement Lead
Phone number 0456 061 345
E-mail mpowrie@CHBteam.com.au

Project proponent website: <https://pacifichighway.nsw.gov.au/coffsharbourbypass>

Project opportunities website: Transport for NSW will publish procurement opportunities for the Coffs Harbour Bypass on the NSW Government's eTendering website located at <https://www.tenders.nsw.gov.au>. Information on key goods and services to be procured by the D&C Contractor, will be published on the ICN Gateway website located at <https://gateway.icn.org.au/project/4981/coffs-harbour-bypass>, within a reasonable time before tenders have to be submitted.

Supplier engagement and communication actions :

- Conduct supplier information briefings on project opportunities and bid processes
- Issue media releases or ASX announcements on project developments and opportunities
- Develop and distribute a supplier information guide for the project
- Online advertisement

Building Australian industry capability

Supplier capability development actions:

- Encourage joint ventures and alliances between suppliers
- Support supplier development initiatives of industry associations or governments

Global supply chain integration actions:

- Introduce suppliers to global supply chain partners
- Provide references for high performing suppliers

Feedback process for unsuccessful bidders:

Where requested by an unsuccessful bidder, a debrief will be provided as part of the procurement process providing feedback as to why their tender was unsuccessful. Feedback, preferably in writing, will include recommendations relating to the requirement for further training, skills, capability and capacity development, where relevant.
