Supplier engagement and communication actions :

- Engage with vendor identification agencies on project opportunities and bid processes
- Conduct supplier information briefings on project opportunities and bid processes
- Issue media releases or ASX announcements on project developments and opportunities
- Directly contact suppliers with information on project opportunities and bid processes

Building Australian industry capability

Supplier capability development actions:

- Recommend suppliers undertake training and/or accreditation
- Direct engagement of local, small or Indigenous Australian entities by project proponent

Global supply chain integration actions:

- Introduce suppliers to global supply chain partners
- Support suppliers to register with global supplier databases

Feedback process for unsuccessful bidders:

The proponent will provide training to its procurement entities to ensure that they provide feedback to Australian entities which were unsuccessful in their bids to supply key goods and services to the project. Where Australian entities have been unsuccessful in a bid the project proponent or its procurement entities will provide a notice of unsuccessful tender, including an offer to receive specific feedback on relevant training, skills, capability and capacity development. The procurement entities will be required to provide regular updates to the project proponent detailing the tender activities and any feedback provided to Australian entities for compliance monitoring by the project proponent.
