

Australian Jobs Act 2013

AIP Plan reference code:

Australian Industry Participation Plan Summary - Project Phase

Nominated project proponent: Barn Hill Wind Farm Pty Ltd

Project details

Name: Barn Hill Wind Farm

Location: Barunga Ranges of the Mid-North region of South Australia

Type: Electricity facility

Purpose: Establish new facility

Capital expenditure: \$500 million or more

Description: The Barn Hill Wind Farm (the Project) is situated at Barn Hill in the Barunga Ranges in the Mid-North region of South Australia, between the Clements Gap and Snowtown Wind Farms. The project extends across two local government areas; Port Pirie Regional Council and Wakefield Regional Council. The Project will comprise of up to 50-Wind Turbine Generators (WTGs) and associated infrastructure. The Project would be connected to South Australia's energy Transmission network; with electricity generated to be used for the sale of electricity to the public. WTG suppliers are still being finalised; however, based on suitable WTG models available, WTGs will have a tip height of up to 250 m and a maximum generating capacity of up to 7.2 MW. The maximum combined generating capacity of the project would be 360 MW. Currently the Project is in the final stages of securing planning and environmental approvals. Once this is completed procurement can be finalised and appointed entities will be contractually required to comply with the approved AIP plan.

Completion date: 11 Jan 2028

Key goods and services

Indicative list of key goods and services to be acquired for the project:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
Supply, Installation and Commissioning of Wind Turbine Generators	Yes	Yes	
Supply and installation of steel towers for Wind Turbine Generators	Yes	No	
Civil Balance of Plant works	Yes	No	
Wind Turbine Generators Foundation Design and Construction	Yes	Yes	
Civil Engineering and Design services	Yes	No	
Construction Services	Yes	No	
Cable Installation	Yes	No	
Cable Supply	Yes	Yes	
Electrical Equipment	Yes	Yes	
Electrical Engineering and Design services	Yes	Yes	
Substation / Switchyards	Yes	Yes	
Plant Hire	Yes	No	
Transport	Yes	No	
Labour Hire	Yes	No	
Traffic Management Services	Yes	No	
Materials Supply (e.g. quarry, concrete & reinforcing)	Yes	No	
Supply of Fuel/Oil	Yes	No	
Accommodation/Meals/Entertainment	Yes	No	

* An Australian entity is an entity with an ABN or ACN

Project standards:

Australian
International

Supplier information and communication

Project proponent's contact person for supplier enquiries:

Contact person name Natalie Leighton
Contact person position Project Manager
Phone number 0299212209
E-mail nleighton@agl.com.au

Project proponent website: <https://www.agl.com.au/about-agl/how-we-source-energy/barn-hill-wind-farm-and-battery>

Project opportunities website: <https://www.agl.com.au/about-agl/how-we-source-energy/barn-hill-wind-farm-and-battery>. This webpage is currently operational however there are no active opportunities posted at this time, when opportunities for procurement become available they will be posted here.

Supplier engagement and communication actions :

- Promote project opportunities through industry associations
- Conduct supplier information briefings on project opportunities and bid processes
- Issue media releases or ASX announcements on project developments and opportunities
- Directly contact suppliers with information on project opportunities and bid processes

Building Australian industry capability

Supplier capability development actions:

- Provide market intelligence to suppliers
- Support supplier development initiatives of industry associations or governments

Global supply chain integration actions:

- Provide references for high performing suppliers

Feedback process for unsuccessful bidders:

Barn Hill Wind Farm Pty Ltd.'s Contractor(s) will provide direct feedback via written confirmation, to all bidders, and if requested, where appropriate, a review meeting for entities that are unsuccessful. The meeting discusses capability gaps and how they might be closed in the future. AGL's actions are governed by established internal processes for documenting and communicating 'unsuccessful supplier outcomes' to suppliers. Feedback will include recommendations of relevant training, skills, capability and capacity development.

Australian Industry Participation Plan Summary - Operations Phase

Nominated facility operator: Barn Hill Wind Farm Pty Ltd

Facility details

Name: Barn Hill Wind Farm

Location: Barunga Ranges of the Mid-North region of South Australia

Type: Electricity facility
