

## Australian Jobs Act 2013

AIP Plan reference code: A65BDWXL

---

# Australian Industry Participation Plan Summary - Project Phase

---

**Nominated project proponent:** POTTINGER RENEWABLES PTY LTD

**Other project proponent(s):**

SOMEVA PTY LTD

## Project details

Name: Pottinger Energy Park

Location: W Burrabogie Road, Booroorban, NSW, 2710

Type: Electricity facility

Purpose: Establish new facility

Capital expenditure: \$500 million or more

Description: The proposed Pottinger Energy Park project, which is being developed by Someva Renewables and AGL Energy, is located approximately 60km south of Hay and 75km north of Deniliquin in NSW's historic Western Riverina region. The project is also located within NSW's South West Renewable Energy Zone. Once completed, the Pottinger Energy Park will generate up to 1,300MW of clean, affordable and reliable energy – enough to power up to 830,000 Australian homes. This wind generation Project will provide a reliable and affordable source of electricity and help mitigate greenhouse gas emissions associated with energy generation. It will also provide significant economic benefits to the Riverina Murray region with an Estimated Development Cost of \$2.152 billion. The Project Area extends across 26,000 hectares across land owned by two associated host landholders. The Project includes a wind farm, a battery energy storage system, electrical reticulation and associated ancillary features. The Disturbance Footprint of the Project will be up to 1,066 hectares during construction.

Completion date: 17 Oct 2029

## Key goods and services

Indicative list of key goods and services to be acquired for the project:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
All opportunities can be found on our ICN Gateway link	Yes	Yes	

\*An Australian entity is an entity with an ABN or ACN

Project standards:

Australian  
International

## Supplier information and communication

Project proponent's contact person for supplier enquiries:

**Contact person name** Tim Mead  
**Contact person position** Development Director  
**Phone number** 0419900277  
**E-mail** tim.m@someva.com.au

Project proponent website: <https://www.somevarenewables.com.au/project/pottinger/>

Project opportunities website: <https://gateway.icn.org.au/projects/9376>

Supplier engagement and communication actions :

Promote project opportunities through industry associations  
Engage with vendor identification agencies on project opportunities and bid processes  
Develop and distribute a supplier information guide for the project  
Directly contact suppliers with information on project opportunities and bid processes

## Building Australian industry capability

Supplier capability development actions:

Recommend suppliers undertake training and/or accreditation  
Provide market intelligence to suppliers

Global supply chain integration actions:

Explore this further

Feedback process for unsuccessful bidders:

We will try to ensure that unsuccessful Australian bidders receive constructive feedback on their submissions. This feedback will highlight areas for improvement and include recommendations for relevant training, skills enhancement, and capacity development to help strengthen future bids. Feedback will be provided through direct communication, where suppliers can discuss specific aspects of their bid and receive guidance on how to improve their capabilities in line with project requirements.
