

Australian Jobs Act 2013

AIP Plan reference code: 7APY5YTF

Australian Industry Participation Plan Summary - Project Phase

Nominated project proponent: The Trustee for AMBROSIA WIND FARM TRUST

Project details

Name: Ambrosia Wind Farm

Location: Shire of West Arthur, between the towns of Collie and Kojonup, WA.

Type: Electricity facility

Purpose: Establish new facility

Capital expenditure: \$1 billion - \$2 billion

Description: The Ambrosia wind farm is located within the southern Wheatbelt region of the State. The site is located approximately 197km (as the crow flies) south-east of Perth CBD and 120km east of the Busselton town centre. The site is located within the Shire of West Arthur local government area and situated between the towns of Collie and Kojonup. The wind farm will include up to 104 turbines, with the initial estimated capacity of the wind farm ranging from 400 to 664 megawatts (MW). In addition to the turbines, the project includes the development of various essential infrastructure elements such as an electricity substation, transmission lines, a battery facility, an operations and maintenance depot and roadways. Temporary facilities will likely be required to enable construction of the wind farm, including concrete batching plants, quarries, lay down areas, and a construction compounds.

Completion date: 31 Dec 2028

Key goods and services

Indicative list of key goods and services to be acquired for the project:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
Supply and installation of wind turbine generators	Yes	Yes	
supply and installation of steel towers for wind turbine generators	Yes	Yes	
civil engineering design services	Yes	Yes	
site preparation, earth moving, track formation including cable trenching	Yes	Yes	
excavation, preparation, formwork and steelwork and pouring turbine footings	Yes	Yes	
operations and maintenance buildings and footings for transformers, switchgear	Yes	Yes	
electrical engineering design services	Yes	Yes	
LV cable design and installation	Yes	Yes	
HV design and installation	Yes	Yes	
substation/s and switchyards	Yes	Yes	
Battery energy storage system design and installation	Yes	Yes	

* An Australian entity is an entity with an ABN or ACN

Australian
International

Supplier information and communication

Project proponent's contact person for supplier enquiries:

Contact person name Hugh Webster
Contact person position SVP Development
Phone number 0408728141
E-mail hugh.webster@greenwind.com.au

Project proponent website: Until the project has a proponent for procurement and construction, general information on the project is available at <https://ambrosiawindfarm.com.au/>

Project opportunities website: Project information will be updated from time to time on the project website - <https://ambrosiawindfarm.com.au/>.

Supplier engagement and communication actions :

- Promote project opportunities through industry associations
- Engage with vendor identification agencies on project opportunities and bid processes
- Conduct supplier information briefings on project opportunities and bid processes
- Directly contact suppliers with information on project opportunities and bid processes

Building Australian industry capability

Supplier capability development actions:

- Provide market intelligence to suppliers
- Support supplier development initiatives of industry associations or governments

Global supply chain integration actions:

- Introduce suppliers to global supply chain partners
- Provide references for high performing suppliers

Feedback process for unsuccessful bidders:

The procurement entity/ies will offer feedback to unsuccessful Australian bidders for the project. Feedback will include relevant training, skills, capability and capacity development recommendations. When the procurement entities notify unsuccessful suppliers, opportunity for feedback will be offered.

Australian Industry Participation Plan Summary - Operations Phase

Nominated facility operator: The Trustee for AMBROSIA WIND FARM TRUST

Facility details

Name: Ambrosia Wind Farm

Location: Shire of West Arthur, between the towns of Collie and Kojonup, WA.

Type: Electricity facility

Key goods and services

Indicative list of key goods and services to be acquired for the new facility:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
ongoing civil maintenance	Yes	No	
maintenance of wind turbine generators	Yes	Yes	
supply of ancillary goods and services e.g	Yes	No	
personnel support services	Yes	No	
general operations and maintenance services	Yes	Yes	

*An Australian entity is an entity with an ABN or ACN

Facility standards:

E-mail hugh.webster@greenwind.com.au

Facility operator website: Until the project has a proponent for procurement and construction, general information on the project is available at <https://ambrosiawindfarm.com.au/>

Facility opportunities website: Project information will be updated from time to time on the project website - <https://ambrosiawindfarm.com.au/>.

Supplier engagement and communication actions :

- Promote project opportunities through industry associations
- Engage with vendor identification agencies on project opportunities and bid processes
- Conduct supplier information briefings on project opportunities and bid processes
- Directly contact suppliers with information on project opportunities and bid processes

Building Australian industry capability

Supplier capability development actions:

- Recommend suppliers undertake training and/or accreditation
- Support supplier development initiatives of industry associations or governments

Global supply chain integration actions:

- Introduce suppliers to global supply chain partners
- Provide references for high performing suppliers

Feedback process for unsuccessful bidders:

The procurement entity/ies will offer feedback to unsuccessful Australian bidders for the project. Feedback will include relevant training, skills, capability and capacity development recommendations. When the procurement entities notify unsuccessful suppliers, opportunity for feedback will be offered.
