

# Australian Industry Participation (AIP) plan Summary – Project Phase

## 1. Project Details

**Nominated project proponent:** Transport for NSW

**Project name:** M12 Motorway

### **Description of the project:**

The project will involve the construction of a new east-west motorway between the M7 Motorway near Cecil Hills and The Northern Road at Luddenham. The M12 Motorway will serve as the major access route to the Western Sydney Airport and connect to Sydney's motorway network. The proposed scope of works includes:

- An east-west 16km motorway between the M7 Motorway, Cecil Hills and The Northern Road, Luddenham
- A motorway built for four lanes (with provision for up to six lanes) with a central median to separate opposing traffic flows
- A direct connection to Western Sydney Airport
- A new at grade connection to The Northern Road with traffic lights
- Provision for an interchange at the M7 Motorway
- Provision for a future grade-separated interchange for Mamre Road/Devonshire Link

The project is being designed, delivered and operated by Transport for NSW (TfNSW). TfNSW will procure contractors from the private sector as required to undertake the project. The project will be split into three sections, east, central and west for procurement of detailed design and construction.

**Estimated project value:** Announced: \$1.8 billion

**Project location:** Motorway from Cecil Hills to Luddenham, NSW

**Link to project information:** Further details of the project can be found at <https://www.rms.nsw.gov.au/projects/m12-motorway/index.html>. TfNSW will publish the main construction contracts for the M12 on: <http://www.rms.nsw.gov.au/projects/index.html> and on the "Tenders NSW" site <https://www.tenders.nsw.gov.au>

**Project contact for procurement information:** Deanne Forrest, Senior Project Manager, +61288492585, [Deanne.FORREST@transport.nsw.gov.au](mailto:Deanne.FORREST@transport.nsw.gov.au)

**Other project proponents involved in the project:** N/A

## 2. Opportunities to supply Goods and Services

The tables provide an anticipated list of subcontracts for each of the works packages (Eastern, Central, West) for the M12 project. The contractors will provide an AIP plan with their tenders that is expected will provide further opportunities and details of the subcontracts. The list of opportunities being nominated by the contractors would be reviewed by TfNSW as part of the tender assessment. The AIP plan provided by the successful tenderer will then become part of the contract documents. TfNSW would then monitor the performance of the contracts against their commitments as part of the contract management

### Eastern Package

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities
<b>Services</b>		
Detailed Design ECI - To be tendered to list of prequalified suppliers that are all Australian	Yes	Nil
<b>Goods and Services</b>		
Traffic Management	Yes	Yes
Pavement supply and lay	Yes	Yes
External plant/equipment hire	Yes	Yes
Fencing	Yes	Yes
Survey	Yes	Yes
Quarry Works	Yes	Yes
Precast concrete girders and planks	Yes	Yes

\*An Australian entity is defined in the Jobs Act as any entity with an ABN or ACN.

### Central Package

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities
<b>Services</b>		
Detailed Design – Awarded Feb 2020 to GHD Australia (Australian entity) (Subcontracts with 12 companies, all Australian entities)	Yes	Nil
<b>Goods and Services</b>		
Asbestos management	Yes	Yes
Pavement supply and lay	Yes	Yes
External plant/equipment hire	Yes	Yes
Fencing	Yes	Yes
Survey	Yes	Yes
Precast Pipes/headwall/culverts/pits	Yes	Yes
Quarry Works	Yes	Yes
Precast concrete girders and planks	Yes	Yes
Landscaping	Yes	Yes

\*An Australian entity is defined in the Jobs Act as any entity with an ABN or ACN.

## Western Package

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities
<b>Services</b>		
Detailed Design – Awarded Feb 2020 to WSP Australia (Australian entity)(Subcontracts with 11 companies, all Australian entities)	Yes	Nil
<b>Goods and Services</b>		
Asbestos management	Yes	Yes
Pavement supply and lay	Yes	Yes
External Plant/equipment hire	Yes	Yes
Fencing	Yes	Yes
Survey	Yes	Yes
Precast Pipes/headwall/culverts/pits	Yes	Yes
Quarry Works	Yes	Yes
Precast concrete girders and planks	Yes	Yes

\*An Australian entity is defined in the Jobs Act as any entity with an ABN or ACN.

Disclaimer: The information provided in the table above is based on an initial assessment by the company. Any questions or issues should be raised with the project contact.

### Explanation for item(s) in list above where it is indicated 'No Opportunities for Australian entities'

N/A
-----

### **3. Standards to be used in the project**

TfNSW stipulates in the contract documents the use of Australian Standard where suitable standards are available. If no suitable Australian Standard is available then TfNSW specifies other standards that are in common use e.g. British Standard or US Standard.

TfNSW also specifies the use of some of its own design guides and technical directions.

### **4. AIP activities to be undertaken by the Project Proponent**

TfNSW will promote project opportunities through industry associations, conduct supplier information briefings on project opportunities, and issue media releases on project developments and opportunities. TfNSW lists information on design requirements and work specifications for industry at: <http://www.rms.nsw.gov.au/business-industry/partners-suppliers/index.html>

### **5. AIP activities to be undertaken by procurement entities**

The procurement entity will maintain a publically accessible website that provides the following information:

- requirements potential bidders must satisfy in order to bid to supply key goods or services for the project (e.g. pre-qualification requirements);
- standards for key goods or services for the project (if standards are neither Australian nor international standards an explanation will need to be included); and
- contact details for a procurement contact officer for Australian entities to approach with enquiries.
